

Radway Populaire 100

MW09

16/12/2021 [4]

An easy ride through Swettenham, Radway Green, Middlewich, Winsford and the Whitegate Way to Cuddington. Return via Anderton Boat Lift and Knutsford where there is an optional stop (not a control) at the Penny-farthing museum. The Perm finishes with a ride through Tatton Park and the Airport tunnels. Use the eBrevet app!

There are on-road alternatives if you don't want to ride off-road.

Section 1: 21km There is a landslip after Swettenham Ford so there is a short diversion, or go on-road

Section 2: You can choose to use the Whitegate Way bridlepath or the tarmac alternative.

Section 3: 19km: There is a tarmac bridleway under the new A556 which your GPS might not follow, see the route sheet. This is followed by Moss Lane (care, this is in very poor condition!)

Section 3: 34km: Use the right-hand tunnels under the airport runway, then stay on the shared footpath up the hill and over Morley Green Road, rather than riding on the A538.

For a successful validation, you must:

- enter at **www.delphcyclist.info/RadwayPerm.html** (don't worry about the ride date at this stage)
- register your ride date by texting **07931 911324** or emailing **mike@PeakAudax.co.uk** before you start
- visit all the controls listed below within the time limits - note that this is a "non-mandatory" route
- establish your "proof of passage" by
 - downloading the eBrevet - see **www.delphcyclist.info/eBrevet.html**
 - or recording a GPS track (must be .GPX format) showing you visited each Control Location
 - or collecting till receipts or ATM slips from anywhere at the Control Location
- completing all the details on your Brevet Card (name, address, ride date, control locations and times plus your signature) and returning to me within 14 days of your ride

Controls: The ride works best using the E-Brevet app or a GPX track to authenticate your ride. The route is advisory, but you should ensure that you pass within ½km of the locations below (indicated by Grid Reference and what3words.com). If you haven't access to the app or GPX you may still collect receipts from the various suggested locations.

eBrevet: Ride Code **MW09** (see www.DelphCyclist.info/eBrevet.html for customisation instructions to reverse the direction, start at any control, or start anywhere between controls).

Dean Row	The route sheet commences from the Petrol Station on A5102 (SJ 873 816) between Stockport and Wilmslow. Parking is available (at your own risk!) in the A5102 layby near the Deanwater Hotel (SJ 877 818, SK7 1RJ).
