

WyldeFyre 200

31/10/2021 [4]

Visit the Fylde coast, with Fleetwood, Blackpool and Lytham St Annes. You must do some homework before setting your start date and time if you intend to catch the Knott Ferry. Use the eBrevet app!

Section 3: 0km: The ferry crossing at Knott End timetable changes daily as it is dependent on the tide. If you miss the ferry, there is an inland alternative route to Lytham. For the Ferry timetable please consult:

<https://www.facebook.com/FleetwoodtoKnottEndFerry>

Section 4: 20km: The route uses the Guild Wheel cycleway through Preston Docks. There's a useful map here https://www.lancashire.gov.uk/media/898973/guild-wheel_web.pdf

Section 5: 61km: There's also a bit of off-road cycling at Bury town centre, then at Pilsworth to avoid the horrible M66 junction 2 roundabout. For the TfGM cycle map see: <https://tfgm.com/cycling/cycle-maps>

For a successful validation, you must:

- enter at www.delphcyclist.info/EccleshallPerm.html (don't worry about the ride date at this stage)
- register your ride date by texting **07931 911324** or emailing mike@PeakAudax.co.uk before you start
- visit all the controls listed below within the time limits - note that this is a non-mandatory route
- establish your "proof of passage" by
 - downloading the [eBrevet](#) - see www.delphcyclist.info/eBrevet.html
 - or recording a [GPS track](#) (must be .GPX format) showing you visited each Control Location
 - or collecting [till receipts](#) or ATM slips from anywhere at the Control Location
- completing [all](#) the details on your Brevet Card (name, address, ride date, control locations and times plus your signature) and returning to me within 14 days of your ride

Controls: The ride works best using the E-Brevet app or a GPX track to authenticate your ride. The route is advisory, but you should ensure that you pass within ½km of the locations below (indicated by Grid Reference and what3words.com). If you haven't access to the app or GPX you may still collect receipts from the various suggested locations.

eBrevet: Ride Code **MW37** (see www.DelphCyclist.info/eBrevet.html for customisation instructions to reverse the direction, start at any control, or start anywhere between controls).
